859.846.5000 - [www.DeGraffStables.com](http://www.DeGraffStables.com)

When I think about all the firsts with the horses in my life first ride, first training session, first show, first win, first mare, the early morning birth of the first foal on my farm, to the first horse I sold and all the people I have met along the way. All I can think of is the joy of being a horse owner, exhibitor and breeder for over 25 years.

The experience and education it takes to be successful in this industry takes years of perseverance and patience. Especially with the advancements in reproduction techniques and the higher standards in breeding programs, has given us the ability to breed to the best horses around the country and the world.

The foundation of our breeding program is based on proven champion stallions and champion/champion producing mares with solid bloodlines and the ability to breed the next generation of champions.

Our facility is first class, state-of-the-art and all horses are welcomed. We treat every horse that comes through our gates as if they are our own. Our services are customized to the horses needs first and we are dedicated to their health and future.

Come and visit. Experience and trust us with the service you, your horse and future champions deserve.

*Robin*
